projects

ALMA light
Barcelona

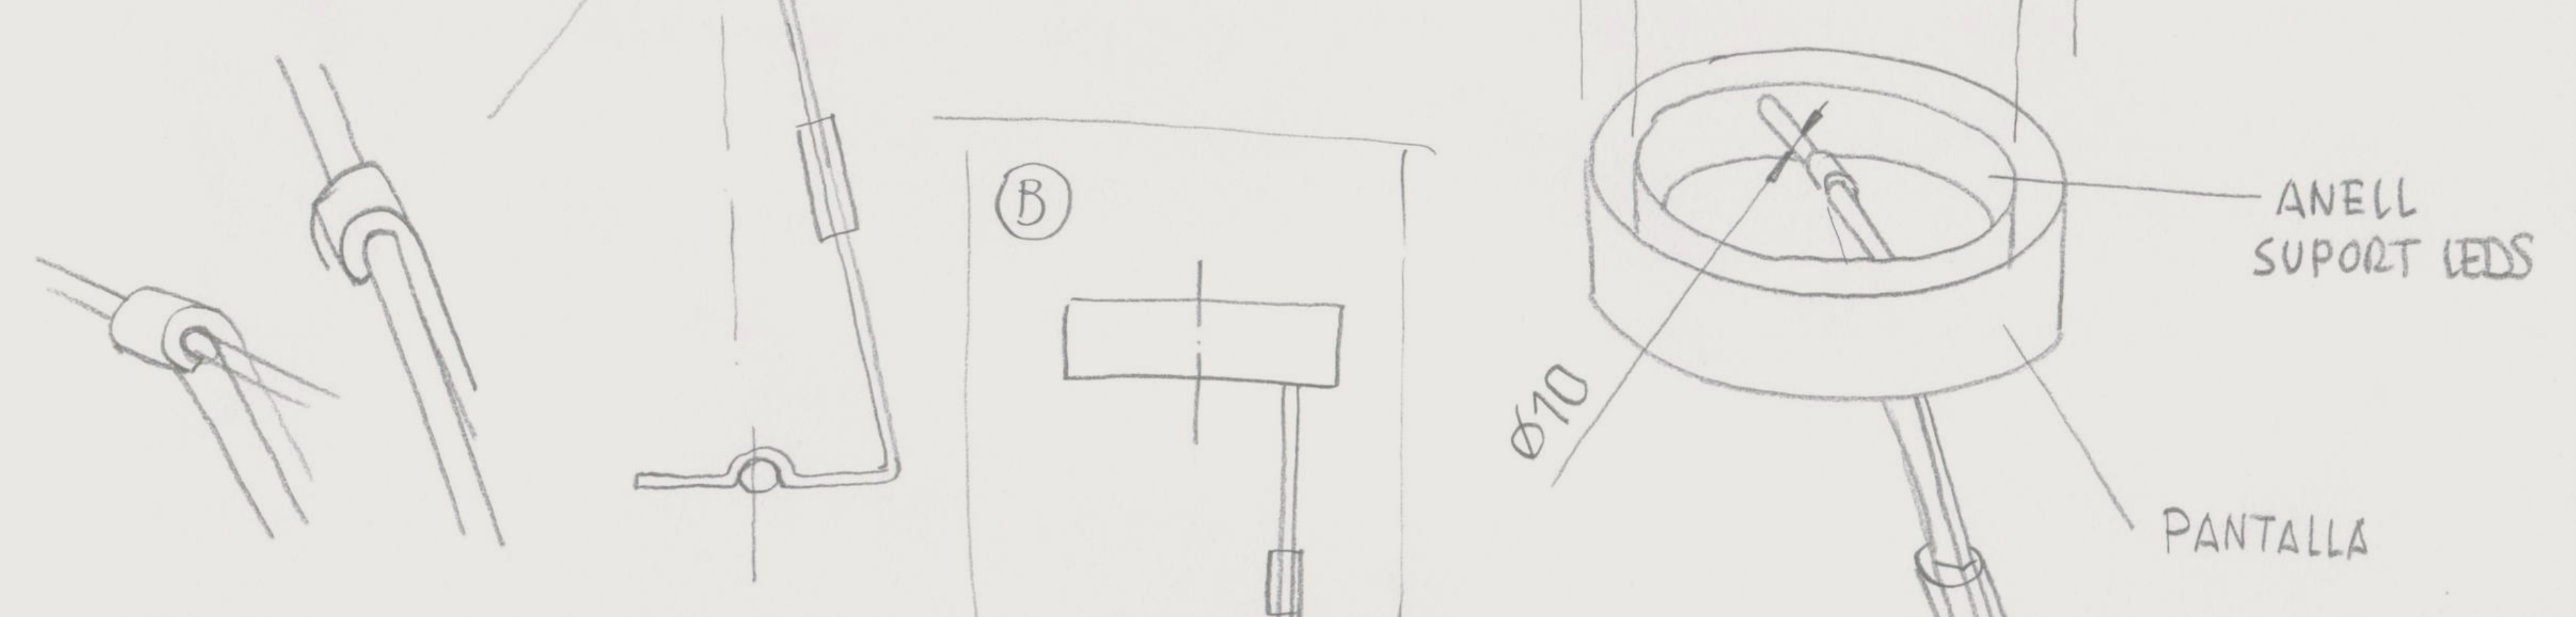

Who we are?

Design that brings character to spaces.

At Alma Light, we design and manufacture contemporary decorative light fixtures made in Barcelona, with a focus on honest design, high-quality materials, and close collaboration with professionals.

We work so that light not only illuminates... but inspires.

Designed for professionals like you

In every interior design or architecture project, lighting is key. That is why we offer solutions tailored to the needs of studios, designers, and developers who seek:

- Distinctive design, without excess
 - Guaranteed quality, locally manufactured
 - Real flexibility, both technical and aesthetic
 - Close support, from first contact to final installation
-

What we offer?

- **Collections with character:** Over 20 families of light fittings of our own, designed to integrate with personality into residential, contract, and hospitality spaces.
- **Personalized technical advice:** From custom solutions to full project support, we are with you every step of the way.
- **Effortless customization:** Finishes, dimensions, light sources, or mounts adapted to your needs. If you can imagine it, we can make it.

Featured collections

BIGBROTHER

Industrial minimalism with a contemporary soul. Ideal for urban spaces and contract projects.

FUJI

Organic and artisanal inspiration. Warm finishes for relaxing atmospheres.

Featured collections

TRIBECA

Reinvented New York aesthetics. Metals, symmetry, and versatile suspension.

THELIGHT

Structural simplicity that blends design and function. Perfect for modern spaces.

Featured collections

THEPALM

Sculptural geometry with strong visual presence. A centerpiece in any space.

CONSTELLATION

Play of light and lines. Modular, elegant, and adaptable to high ceilings and transitional areas.

Featured collections

TOTEM II

Warm light in symbolic form. A decorative light fixture with personality and balance.

THECHANDELIER

A contemporary take on the classic grand chandelier. Sculptural, elegant, and designed to deliver visual impact with lightness.
