Lo que nos gusta de BIG BROTHER es la idea de persona grande, de gigante acompañante, de luminoso guardaespaldas. Como si al colocarla en un espacio, estuviéramos dotando a éste de una agradable presencia protectora, casi humana. Pensamos que es ideal como complemento de sofá o butaca de lectura en viviendas u hoteles, o como lámpara de bienvenida en el sector de la restauración.

BIG BROTHER mide 180cm de altura y la pantalla tiene un diámetro de 70cm. Posee una sólida estructura metálica interna que va revestida con un avanzado tejido translúcido blanco de fibra de poliéster. Existe, bajo demanda, la posibilidad de seleccionar otras telas o estampado. Incorpora luz dentro de la pantalla superior así como también en la base, ambas con portalámparas E27.

BIG BROTHER is a large format floor lamp with body and shade made of fabric. It is a huge source of light that illuminates throughout all its length, from head to toe. What we like about BIG BROTHER is the idea of a big person, a giant companion, a bright bodyguard. As if placing it in a space, we were endowing it with a pleasant protective, an almost human presence. We think it is ideal as a complement to a sofa or reading armchair in homes or hotels, or as a welcome lamp in a restaurant. BIG BROTHER measures 180cm in height and the shade has a diameter of 70cm. It has a solid internal metallic structure that is covered with an advanced white translucent fabric of polyester fiber. There is, on demand, the possibility of selecting other fabrics, also printed. It incorporates light inside the upper shade, as well as in the base, both with E27 lamp holder.
