At ALMA Light we are happy to share that we are celebrating our 35th birthday!

Our story began in 1989 in the Barcelona neighborhood of Poble Nou, where we focused on the distribution of mainly German light fixtures, and in 2003 we took the step from "distributor" to "manufacturer" with our own brand, ALMA Light.

From that moment on we specialized in the creation of decorative fixtures designed by our team of local designers, using components produced by our proximity suppliers and carrying out the assembly, packaging and shipping in our own facilities in Barcelona.

Our company has evolved and grown, but we still keep the same enthusiasm and excitement as when we started, enjoying every step of the process day after day.

We hope to celebrate many more years together!
