

ALMA light

Barcelona

Summer is the oxygen that we all need to get into autumn in good shape, and it is also our favorite season of the year, with its eternal afternoons, its nights outdoors illuminated by PATIO for instance, one of our small battery-operated USBs... its walks in the shade, the sea baths, the long after-dinner conversations with some TRIBECA USB illuminating the space... the happy gatherings, the readjusting of our priorities...

And that is why at ALMA light we are going to take a break from August 5th to 20th. We must also recharge our batteries, to return at the end of August full of renewed energy.
