As part of the "Fuorisalone," taking place in the Brera district coinciding with Milan's Salone del Mobile, the exhibition "INSPIRED IN BARCELONA: LUCE" will be held. This vibrant tribute to Barcelona's lighting industry features more than 100 light fixtures that will highlight the potential of Barcelona's identity as the creative capital of the Mediterranean and Europe. The exhibition is organized by the Barcelona Creativity & Design Foundation and is supported by the Disseny Hub Barcelona (DHub) and Barcelona City Council, among other institutions.

At ALMA Light, we are delighted to have been invited to such a prestigious event, which reflects the current pulse of our city's design sector by uniting past, present and future in a single space. The exhibition, open to the public and curated by architect and designer Stefano Colli, will take place in the Sala Scalabrini of the Church of Santa Maria del Carmine (Via del Carmine 10, 20121 Milan, Italy) from April 8th to 13th, 2025.
