Barcelona

Your world in a new light

[View online version](#)

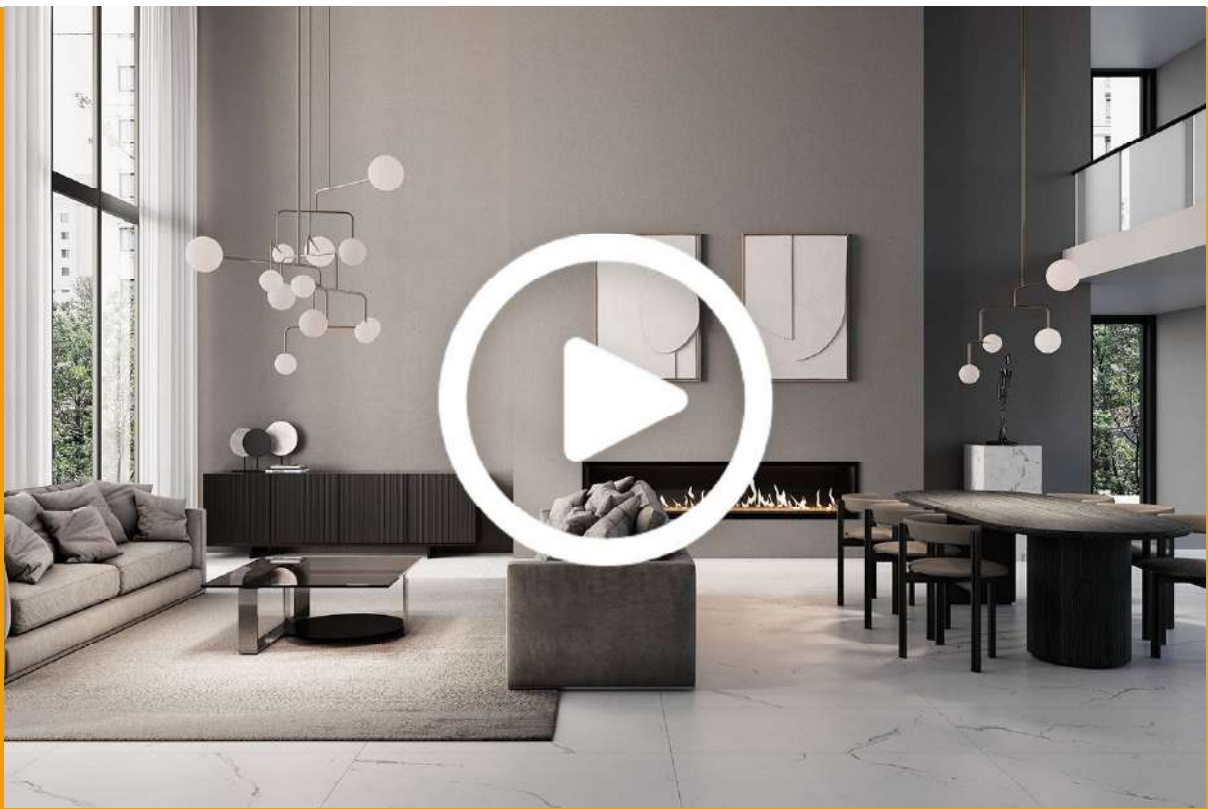

At ALMA Light, we believe that light not only illuminates spaces —it evokes emotions, creates atmospheres, and brings life to the corners that matter most. If you are looking for lighting for your next project, we want you to know who we are and why we might be just what you need.

need. We design and manufacture light fixtures that combine presence, beauty, elegance and character. Our style is contemporary and Mediterranean, inspired by pure forms, noble materials and light as an emotional element. We work with local designers who understand lighting as an art form, and each lamp passes through expert hands that care for every finish, every detail.

We have a local soul and international presence: although our roots are in Barcelona, our luminaires travel the world. In the "Projects" section of our website, you will find residential spaces, hotels, restaurants and venues that have chosen ALMA Light. We invite you to see the world in a new light —if you are working on a project and looking for more than just a lamp, let us join you. Would you like us to recommend a piece? We'd be delighted to help.
