## **We help you to carry out your designs**

Are you in the hospitality sector, planning a refurbishing? ALMALight specializes in projects with customized light fixtures, or with lamps designed on purpose following our customer's ideas.

We just need a drawing and a general description of what you need, to be sent to [info@almalight.com](mailto:info@almalight.com). The rest is on us: ALMALight's Technical Department will do the product development and our Production Department will manufacture the fittings just in time for your project.

We intensively co-operate with architects & designers, contributing to develop the best product perfectly adapted to every project. Large lamps for halls as well as wall lights for headboards or table lamps for bedrooms.

Hotel chains like Radisson Blu, Hilton, Melia or Yotel among others, have already worked with us, as well as a large number of architects and interior design studios worldwide.

And you? Do you also want to work with ALMALight?
