## POTLIGHT puts your imagination into motion

Do you fancy decorating your POTLIGHT to give it your most personal touch?

POTLIGHT is the most vibrant, most organic ALMA Light lamp... and the most capable of unleashing the creativity of its user, since its shade is made up of two concentric glasses that leave a space between them, which can be filled.

POTLIGHT accepts any contribution imaginable... as long as it does not involve liquids. We have done it with colored pencils, with aromatic plants, with nuts... You can apply similar elements, such as paper or tissue cutouts, wood shavings, marbles... or better: place images on paper (photos, portraits, poems...) that are important to you and that will light up every time the lamp is turned on.
