ALMA Light
Design Cristian Cubiña

We really like to contemplate images of interior designs of which our luminaires are a part. An ALMA Light lamp always provides a touch of design and distinction to a space, often becoming the focal point of the decoration.

For example, in this beautiful space for meetings and corporate events located in a completely restored nineteenth-century Madrid palace, which is rented for exclusive celebrations. It is "Espacio Monbull" on Calle Jorge Juan 15 in Madrid, whose elegant decoration includes several units of our ThePalm chandelier in a satin gold finish.

The photos belong to the MONBULL website www.monbull.com – The sale was made through our client AÑOS LUZ ILUMINACIÓN, S.L.
