Projects we love...  
**PATIO**  
in Dubai (United Arab Emirates)

[View online version](#)

We are back after our holidays with a project located in Dubai made with the PATIO collection, our wireless table lamp that includes a battery rechargeable via USB with eight hours of autonomy.

It is the interior design of the common areas of MILLENNIUM PLACE BARSHA HEIGHTS APARTMENTS in Dubai, a new four-star apartment complex located next to the MILLENNIUM PLACE HOTEL. The spaces in which the PATIO model lights up and decorates the tables with its touch of design are the 'Splash pool bar & café' and the 'M One' and 'M Two' restaurants. In this case, the PATIO model chosen is the high version in gold finish.

The truth is... we love how it looks!
