

ALMA light

Barcelona

[View online version](#)

Summer returns once again, bringing with it that small break we all need to **disconnect, rest, and enjoy new experiences**. Long days and warm nights invite us to **live outdoors**, and any exterior space — whether a garden, a terrace, an urban balcony... — becomes the perfect setting to share good moments.

At **ALMA Light**, we offer a selection of **portable lamps** that combine design, functionality, and freedom of movement. All of them can be easily recharged via USB cable and are designed to accompany you wherever you go. Models like **PATIO**, **TRIBECA USB**, **NAUTIC**, **CUADRAT**, or **BELL** transform any corner, adding that warm and special touch of light that makes summer nights feel unique.

And speaking of recharging... **from August 3rd to 21st, ALMA Light will take a well-deserved break** to renew energy and return full of inspiration to take on new challenges.
