TheLight and ThePalm at home

[View online version](#)

The TheLight and ThePalm large hanging lamps that are part of the ALMA Light catalog, are the result of a reinterpretation of the classic chandeliers, transformed by designer Cristian Cubina into striking pendants with a radically up-to-date contemporary style, blending tradition and modernity.

TheLight and ThePalm are bold, original and striking light fixtures that bring elegance, presence and luminosity not only to large retail, hospitality or institutional spaces, but also to smaller interiors. Both can perfectly fit in an apartment living room, in a bedroom, above a kitchen island, illuminating a dining table or, why not, even in a bathroom. The innovative design of the TheLight and ThePalm collections and their ability to adapt to different environments make them an ideal choice for those looking to combine functionality and style, even in few square-meter interior designs.
